Philippines - Tropical Storms Kai Tak & Tembin

Just before Christmas, Mindanao Island in the Philippines was stuck by **Tropical Storms Kai Tak** and **Tembin**. The storms triggered mudslides and flooding, initially displacing over 140,000 people and killing hundreds. Our response to these Tropical Storms is the first of its kind through the new ShelterBox Operations Philippines model, making use of in-country networks and local pre-positioning. Collaborating closely with the **Rotary Club of Biliran** and other local Rotary contacts, our response was both swift and effective, assisting **964 families** with a mix of ShelterBoxes, ShelterKits and essential items like solar lights and mosquito nets.

ROTARY INFORMATION

The Rotary Club of Currumbin Coolangatta - Tweed have sponsored 'Charlie' the Story Dog

'Charlie' and Faye help children at Coolangatta State School

THANKS!

www.storydogs.org.au

RC Currumbin-Coolangatta-Tweed: Story dogs The Story Dogs not-for-profit organisation was formed in 2009 in Murwillumbah by Leah Sheldon and Janine Sigley, both parents of primary and high school children. Story Dogs is based on the successful American literacy program: Reading Education Assistance Dogs (R.E.A.D.) which was launched in 1999 in Utah USA, as the first comprehensive literacy program built around the appealing idea of children and young adolescents reading to dogs. Owners with docile and trained dogs help children to learn to read and to concentrate.

Underpinning the objectives of the program is the knowledge that “students with reading difficulties find themselves in a cycle of almost unrelenting failure that ensures an ever – widening gap between them and fluent readers”.

During 2009, there was a trial at Murwillumbah East Public School, with three dog teams. This trial was very successful with positive feedback from students, teachers, the principal and parents.

From that trial the program has continued to expand across Australia. Subsequently representatives of the Rotary Club of Currumbin-Coolangatta-Tweed met with the Principal of the Coolangatta State **School, and** it was decided that the Club would sponsor funding a story dog at the school. The children are usually Year 2 students generally between the ages 7- 8 years old who are chosen by the school. Story Dogs does not assess the children in any way as the sessions are designed to be as fun and non-threatening as possible.

Reading sessions take place in a quiet area of the school grounds, such as the library or outside the classroom. A reading session is approximately 20 minutes long, where each child is one-on-one with the dog team. Books are chosen to suit the student’s reading level. During the session, the handler often speaks through the dog, such as; “Sam doesn't understand what is happening on this page, could you help him out?” The child becomes the teacher; and their confidence soars!

Volunteers come with fun, interesting books, specifically chosen for beginner readers. The students also have input into what they read. The students are encouraged to write letters to the dogs at home, thereby encouraging literacy skills.

Fred's wife found out that her dog (a Schnauzer) could hardly hear, so she took it to the veterinarian. The vet found that the problem was hair in the dog's ears. He cleaned both ears, and the dog could then hear fine..

The vet then proceeded to tell Andrea that, if she wanted to keep this from recurring, she should go to the store and get some "Nair" hair remover and rub it in the dog's ears once a month.

Andrea went to the store and bought some "Nair" hair remover. At the register Con, the pharmacist, told her, "If you're going to use this under your arms, don't use deodorant for a few days."

Andrea said, "I'm not using it under my arms."

Con said, "If you're using it on your legs, don't use body lotion for a couple of days."

Andrea replied, "I'm not using it on my legs either. If you must know, I'm using it on my Schnauzer."

Con says, "Well, stay off your bicycle for about a week."
