REPORTING VOLUNTEER HOURS AND SERVICE PROJECT CONTRIBUTIONS - FAQs

Understanding that there will be many options and opinions about what counts as service and what does not, club leaders are encouraged to use the four-way test to determine what they think counts.

A few guidelines from RI President Ian Riseley:

Q What kinds of hours should we track?

A Keep track of any hours that are ***directly related to service***.

Time spent organizing, preparing for and participating in a service project should be tracked and counted.

Q Does time spent in club committees count?

A Most time spent in club committee meetings does not count as direct service. However, count time spent in club committee meetings for the purpose of planning service activities.

Q Do Fundraisers count?

A The hours spent planning and participating in fundraisers does not count. The funds raised will be counted when contributed to a specific service activity.

Q Does attending a club meeting count?

A Some clubs do a service project during one or more of their regular meetings. These hours count. However, a regular meeting with (or without) a meal, announcements and a speaker does not count as service.

Q How should we count hours for projects done in collaboration with other organizations?

A If a Rotary club does a service project that includes Rotaractors, Interactors, members of a Rotary Community Corps, scouts, or other community volunteers, you should count the hours of all of the volunteers because the club arranged the service opportunity.

On the other hand, if a few Rotarians volunteer at a soup kitchen that was run by the Boy Scouts, you should only count the hours of the Rotary club members that participated.
above, please use the four-way test to decide if you will include the hours in your tally.

This Week's Humour

GOLF AND WHAT IT ALL MEANS

- If you find you do not mind playing **Golf** in the rain, the snow, even during a hurricane, here's a valuable tip your life is in trouble.
- **Golfers** who try to make everything perfect before taking the shot rarely make a perfect shot
- A '**gimme**' can best be defined as an agreement between two golfers ... neither of whom can putt very well.
- An interesting thing about **Golf** is that no matter how badly you play, it is always possible to get worse.
- **Golf**'s a hard game to figure. One day you'll go out and slice it and shank it, hit into all the traps and miss every green. The next day you go out and for no reason at all you really stink.
- If your best shots are the practice swing and the 'gimme putt', you might wish to reconsider this game.
- **Golf** is the only sport where the most feared opponent is you.
- **Golf** is like marriage, If you take yourself too seriously it won't work, and both are expensive.
- The best wood in most amateurs' bags is the pencil.

THE FOUR WAY TEST

Of the things we think, say or do:

Is it the **TRUTH**?

Is it **FAIR** to all concerned?

Will it build **GOODWILL** and better **FRIENDSHIPS**?

Will it be **BENEFICIAL** to all concerned?
