From the President's Desk

Welcome to the 6th issue of the Pelican News for this year. We have a very **busy period in the second half of September.**

In addition to the activities in the Notices shown below we are endeavouring to sign up as many local community organisations as possible for this years **Community Raffle**. David has already received applications from 26 groups & the phone around by Robin, Peter, John & Clive gives good prospects of at least 12 more which will take us close to last years 38 cflubs. We are **distributing the tickets at our meeting on Tuesday 24th September**. More organisations have indicated they will send someone on the night to pick up their tickets so it could be a busy night.

We have doorknocked & dropped off flyers to local businesses asking them to send representatives to the **Community Forum Breakfast that we are planning for Monday September 30th**. Guest Speakers at the forum will include Paul Barnett, the CEO and Phil Walker, the Chairman of Mingara. Whilst local MP & club member Emma McBride & corporate member Shayne Player (Head TLSC-tumbi campus) have both said they'll attend.

Report on Bunnings bar B Q run on Wednesday 18th September

One of our "friends of Rotary" asked me what went in to running a Bunnings bar B Q so I decided the best way to explain was to describe last weeks one , a normal Bar BQ run in abnormal weather.

I loaded the car the night before with all our equipment : 2 eskies for snags, a box of sundries including tools the onion slicer, cooking oil, napkins etc. 4 boxes of canned drink, a box of Masterfoods sauces, the rolls of table covers & a folding chair!

At 6.45 I stopped at the local servo for 3 bags of ice (it was raining with black clouds but the forecast had promised showers clearing in the afternoon) Drove to Bunnings & was relieved to see they had erected the second gazebo so that customers (& our money collector / drink seller) & the serving area would get some protection.

Arrived at Coles at Chittaway to buy essentials. David W phoned to suggest we cancel as it was still raining quite hard & sky was black. David agreed to meet at Coles & we would make final decision. At 7.30 there were some lighter patches in the sky & we decided to trust the forecast but reduced order from 15 trays of snags to 10 & 3 trays of bread to 2 . Clive & David were due to hand over to the second shift 12.00 /12.30 & clive said he could go back to Coles & buy more if necessary . David said he had enough freezer space to store any leftover packets of snags till the next Bar BQ if necessary

We drove to Bunnings, set up the stall (laid table covers, stacked up loaves of bread, filled eskies with snags & ice, took out a selection of drinks in tubs & added ice, asked Bunnings to connect & turn on the BarBQ . The second person was busy putting 2 slices of bread in napkins & stacking them in a storage box ready for service & slicing a second tray full of onions

By 8.00 am David had a pack (24) of snags cooking and also a tray of onions (which clive had sliced the night before). We waited & waited in periods of drizzle, some quite hard rain & fine patches. We got a trickle of customers but not more than 24 in the first 2 hours! But after 11.00 when Robin started early, to help us out, the sky had lightened and the showers were less frequent & by the time Gordon & Sue came at 12 the sky was clear & the car park was filling. We had an almost normal busy lunchtime peak & the sun came out in the afternoon.

David was the main Bar B Q cook in the morning & Robin took over for much of the afternoon.

How did we cope with only 2 helpers for the first 3 hours – we both worked inside the main gazebo & the second person took the orders & money then pick up a napkin, spread the 2 slices of bread on the tray , the cook put the onions on first (bunning requirement) & added the 2 halves of a sausages, second person then served customer who added sauce. It worked reasonably well because it was so quiet. If second person was busy cutting onions or filling up the bread container the cook filled the orders.

Its easier with 3 people as one person can handle the food & wear rubber gloves & the 3rd person can operate in the second gazebo taking orders from customers, taking money & getting drinks out of the drink tubs for customers.

So last Wednesday with 5 volunteers rather than the usual 6 we took just over \$800 (vs our normal take of \$1000 plus) and probably raised some \$550 for our current projects. We also collected just over \$50 to aid farmers & communities in drought. Given the wet weather, especially in the morning, some of our customers thought that a tad ironic but agreed that precious little of the rain seemed to be falling anywhere west of Bathurst (Bathurst & surrounds are drought affected and received a useful , but certainly not drought breaking, 30mm.

I'm glad we persevered. Bunning is our main regular fund raiser & at a time when one of our main projects is to help communities impacted by drought it would have been really ironic if we had lost the opportunity to raise those funds because of the wet weather.

Note : the rain does not discourage Bunnings customers from buying their snags from us, if anything it makes some of them even keener, but if the weather is too wet tradies cancel outside work & residents put off a visit to another day so Bunnings & Rotary get far fewer customers.

Thanks to David W , Robin, Gordon & Sue for their efforts!

“Ride the Train “ to End Polio on Sat 24th October

For those of you that couldn't be at the Presidents meeting last Saturday, Mark Anderson (Rotary Foundation) spoke about the Rotary train Ride to End Polio.

This year the Train ride will also include Newcastle & Central Coast Railway stations & will start at Scone as well as at Dungog, travelling down to Gosford & then down to Berowra where Newcastle & Central Coast Rotarians could meet up with Sydney/Blue Mountains Rotarians, travel down to Hornsby with them & then return to Central Coast or continue on train to Sydney.

The idea is that Rotarians who volunteer to “Ride the Train” would get some sponsorship plus their Rotary Club would donate say \$1950 (\$10 per station) & Club Rotarians might donate/sponsor “Ride the Train” Club members @ say \$1 per station. They are also encouraging any Participants to order & wear the Red “End Polio T-shirts” which can be ordered from RDU

At the recent District Foundation meeting we asked if Central Coast Clubs be included in the Ride because they weren't last year so now that we have been included, I really hope that Central Coast Clubs will get behind this great event and support it either by donating towards it or “Riding the Train” or both & that we can get a lot of our Clubs to help end Polio by donating the \$1950 suggested.

District asked that Foundation Directors promote it to members.

At the last Board Meeting the Board agreed to donate \$195 (\$1 per station from the Club) we will get a copy of the times that the Travelling rotarians are coming thru various Central coast stations & try to meet up with them to give them the clubs donation plus any donations that individual members donate

HUMOUR

Venison for dinner again? Oh deer!

A cartoonist was found dead in his home. Details are sketchy.

We have a full crew on this date. I have indicated core shifts in Blue and used yellow where there should be some flexibility. I leave it to the ladies to arrange their hours in the afternoon ie whether one takes over from the others or they take the opportunity to take breaks.

The manning below is indicative. David W & RYLA co-ordinator to decide detail

RYLA 3										
RYLA 4										

With both Gordon & Sue & Robin & Judy away in the middle of October we were glad to come to agreement that some of the leadership group from RYLA who had agreed to do the Bar BQ with David W on October 30 were also happy to help David & Clive run the Bar B Q. on wed 16th October

This really brings home the need to find at least one more potential "friend" who can cover a shift if one of us is not available. Some progress has been made in this area with offers received from Wyong Rotary (limited to 1 or 2 midweek but more at weekends) , Stephen Hammond- Parker & Renee from the local Branch of The Samaritans all along the lines of "call us if you are short".
